Crossrail Bill: Promoter's response to the House of Lords Select Committee's Special Report

Parliamentary Under-Secretary of State for Transport (Tom Harris): I am today placing in the House Libraries a copy of the Promoter of the Crossrail Bill's response to the 1st Special Report of Session 2007-08 published on 27 May by the House of Lords Select Committee on the Crossrail Bill ('Select Committee on the Crossrail Bill 1st Special Report 2007-08: HL Paper 112-I').

The Promoter's response welcomes the Committee's Special Report, and thanks the Committee for their careful and considered work, which was concluded with a comprehensive Special Report.

The Promoter also provides a response to specific sections of the Committee's Special Report, which I hope will be of assistance to petitioners, the House, and other stakeholders and interested parties.
